Date: June 24-27, 2024
Time: 8 a.m. - 12:30 p.m.
Location: June W. Davis Elementary
Who: Current 3rd-5th Grade

THE STEAM ARTS EXPLORATION CAMP

1. **Garage Band Music Experience:** **Explore the science of sound with Garage Band's innovative music app.**
2. **Show Choir**: Harmonize vocal artistry with the science of acoustics for dynamic performances.
3. **Ceramic Sculpture Engineering:** Merge creativity with engineering in hands-on ceramic sculpting.
4. **Introduction to Piano:** Learn to play simple melodies on piano and discover the underlying science behind each note.
5. **Cultural Dances:** (Afro-Modern and Latino Dance): Experience the fusion of biomechanics with the vibrancy of cultural dances.
6. **Theater:** Elevate acting with techniques that integrates lighting and sound engineering.
7. **Culinary Arts and Design:** Delve into the chemistry of cooking, crafting precise culinary creations.
8. **Architecture Design and Engineering:** Design inspiring structures through a fusion of architectural innovation and engineering.
9. **Music Technology:** Explore music production and craft beatss using a Digital Audio Workstation.
10. **Engineering Sketching and the Arts:** Enhance drafting skills by integrating engineering precision with artistic design.
11. **Color Guard Dancing:** Create stunning performances with a mix of color, choreography, and mechanics.
12. **Photography Architecture:** Discover the art of capturing architectural beauty through photography.
